

The logo for 'DARKRIDGE SURVIVAL UNHINGED' is centered at the top. 'DARKRIDGE' is in a large, bold, white, blocky font with a black outline and a 3D effect. Below it, 'SURVIVAL UNHINGED' is in a smaller, similar font, also in white with a black outline. The background is a dark, pixelated Minecraft-style landscape with trees and a path.

1.1 - Intro and Credits

Introduction:

Oakridge: Survival Unhinged is a bedrock survival realm designed to cater to relaxed, **cooperative play with a vanilla-esque feel**. We foster a welcoming, all-ages community with slightly modified (unhinged) gameplay aimed at increasing fun.

These packs are a **core part of our identity**, and our heart and soul go into creating them each year. Please appreciate and respect them. This guide should be consulted over your playtime as a form of **Oakridge Wiki**, for your repeated reference of our packs.

1.2 - Terms of Use

The following terms of use apply to all packs created by MyrandaMiller91:

- a. You are not allowed to **redistribute** these packs outside of the Oakridge community at all **whatsoever**, except for the Oakridge Vanilla pack. **They are only to be used by Oakridge members.**
- b. You are not allowed to use these in a realm you are running **publicly**. These packs are only to be used for **personal use** or between your family/close friends.
- c. You are not allowed to claim these packs **as your own**. Most code has been hand-written by MyrandaMiller91, with some help from others.
- d. **Any** breaking of the above TOS will warrant a **permanent ban** from the realm and blacklisting from other community discord servers.

If you'd like to have an add-on built for you, please contact MyrandaMiller91 privately. Note that it might cost a bit (in terms of favors or an exchange of services).

Packs modified or created by AvgZing can be accessed on the AvgZing github, each with their own licenses.

Welcome!

1.4 – What's New?

Since we started this Season...

- Added Varied Carved Pumpkin textures
- Modified Saddle craft can now be crafted with copper instead of just iron
- Added convertible recipes for soul torches, copper torches, and soul campfires
- Removed baby mobs growing gradually
- Roughly doubled the speed of Happy Ghosts
- Allays have double the slots in their inventories
- Pet caretaker villager now sells horse granola, copper horse armor, and all nautilus armors
- Added nautilus armor and bucket helmet to fishing loot tables
- Endermites now properly drop Shulker Shells
- Added foods: Glistening Melon Pie, Melon Pie, Horse Granola
- Added helmet: Bucket Helmet
- Added custom commands: /tospawn, /gms, /survival, /gmsh, /spectator, /gmc, /creative
- Added “Ding!” sound when successfully hitting an entity with an arrow
- Added advancement: Airhead
- *And many more tweaks and bug fixes...*

2. Visual Tweaks

Age 25 Kelp

Adds flowers to the top of kelp plans when they are fully grown (age 25)

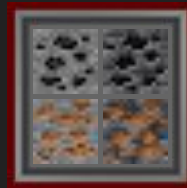

Bedrock

Retextures bedrock to be closer to deepslate, making it darker and have less contrast

Beetroot Crop Color

Beetroot crops now match the color of the harvested beetroots; potatoes and carrots look better when fully grown

Visible Iron/Coal

Coal and Iron textures have been modified to be more visible

Better Fast Leaves

Updates leaf textures to be translucent when using faster graphics on lower-end devices

Soul Campfires

Soul campfires now use Dark Oak Logs and have Soul Soil as the ash

Ashless Campfires

Removes the ash from unlit campfires and soul campfires

Warped Stems

Changes the veins in warped stems to blue, instead of purple

Infested Blocks

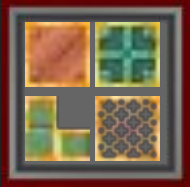

Adds a yellow and black border around stone blocks infested with a silverfish when in the inventory. Does not impact placed blocks

Double Slabs

Adds a clear line of separation to some double slab variants of blocks

2. Visual Tweaks

Waxed Copper

Adds a waxy colored border around Waxed Copper when in the inventory. Does not impact placed blocks

Lower Sides

Lowers the sides of grass, mycelium, grass paths, podzol, snow, and crimson/warped nylum to provide a smoother and more colorful landscape

Consistent Blank Pot

Adds the gold trim to all blank decorated pot sides, to match the decorated sides

Shorter Grass

Makes short and tall grass slightly shorter

Lower Fire

When you're on fire, the fire will take up less of your screen

Cleaner Glass

Glass blocks and panes of all colors, and tinted glass are cleaner and more transparent. Note that this makes the fog technique less effective

Item Frames

Smooths the colors in the background of item frames and glow item frames

Distinct Leaves

Distinguishes leaves from one another by making Dark Oak leaves darker, and making Birch leaves golden

Lodestone

Adds North, South, East, and West markings to the sides of the lodestone, so it can be used as a stationary golden compass

Observer Fix

Fixes the observer's top texture to fit with the 1.14 default textures; it was left out in that update

2. Visual Tweaks

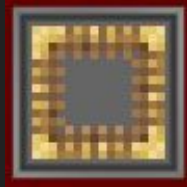

Sticky Piston Sides

Displays slime on the sides of sticky pistons to allow for easier differentiation from regular pistons

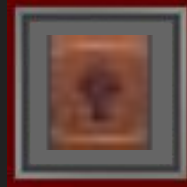

Pumpkin Stems

Adds spikes to pumpkin stems to differentiate them from melon stems

Scaffolding

Updates the top of scaffolding with a hole, to allow for easier, less-obtrusive traversal

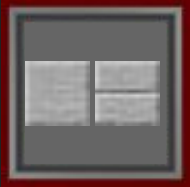

Shelter Pottery Sherd

Modifies the acacia tree on the shelter pottery sherd to more closely resemble the Oakridge Oak tree

Smoker Fix

Fixes misplaced pixels in the smoker's top and bottom textures

Smooth Stone

Modifies the smooth stone texture to a brighter custom variant that more closely resembles the side texture of the double slab

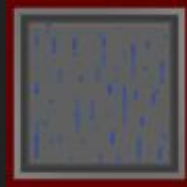

Vines

Separates the texture of vines into more individual strands of vines

3D Sun & Moon

Retextures the Sun and Moon textures to make them appear 3D

Rain/Snow

Reduces the amount of rain and snow particles for easier, more unobtrusive vision

Pumpkin Blur

Increases visibility when wearing a pumpkin through a custom translucent overlay

2. Visual Tweaks

Enchantment Glint

Modifies the enchantment glint to use criss-crossing straight lines for a fancier appearance. The Rib armor trim has been lightened to accommodate

Leather Armor

Removes the brown bits in dyed leather armor

Golden Crown

Retextures the Golden Helmet to look like a crown. Armor trims on helmets have been adjusted to accommodate

Painting Backings

Updates the texture on the back of paintings to be more pleasing

Signs

Smooths the text faces of signs to remove lines, to improve readability and aesthetics

Text Files

In English, death messages have been customized to be more fun, and food names have icons signifying how much hunger they restore

Arrows

Changes arrows to display with flint colored tips

Entity Fixes

Fixes the textures of the blaze, guardian, elder guardian, iron golem, and witch to use updated textures and consistent pixels

Villager Textures

Updates the textures of wandering traders and some villagers, to match our profession modifications

Crafting Table

Modifies the top texture of the crafting table for symmetry (Note: a chisel is added if the chisel addon is enabled)

2. Visual Tweaks

Filled Books

Changes the color of the binding in written and enchanted books to Oakridge Green

Clock & Compass

Brightens and smooths the textures of the clock and compass when held in hand for a smoother, more Oakridge feel

Dried Kelp

Adjusts the color of the dried kelp item to more closely match dried kelp blocks

Alternate Dyes

Retextures any like-shaped dyes with unique shapes to increase differentiation

Hoes

Fixed inconsistencies in the handles of iron and stone hoes

Functional Fixes

Modifies the color of the bound lodestone compass and the texture of the experience splash potion to more closely show their function

Ender Pearl

Recolors ender pearls to match the color of the eyes of endermen

Animal Hide

Rabbit hide has been renamed and retextured to animal hide, and now drops more universally

Shields

Lowers shields when held in first-person for better visibility. Renders banner patterns on shields in their original resolution, rather than downscaled

Totem of Undying

Renders the Totem of Undying as completely invisible when held in the offhand in first person mode

2. Visual Tweaks

Spyglass Scope

Renders elements of the spyglass as transparent when zoomed in to increase visibility

Player Health

Changes the default hearts in the health bar to the pride flag; makes hearts more visible under the wither effect

GUI Helpers

Adds a cheat sheet to the Brewing Stand interface to help with brewing potions. Displays villager trades and book enchantments even when locked

No Sounds/Particles

Cave Sounds have been removed and will no longer play. Potion Particles have been removed and will no longer appear when you have an effect

Equine Equipment

Saddles on camel husks are darker brown. Saddlebags on horses and other equines use the old texture if the animations pack is deactivated.

Varied Pumpkins

Pumpkins will have varied textures.

4. Entity Tweaks - Behaviors

Only TNT Explodes

Creepers, beds, and other explosives don't cause block damage - TNT does.

Mob Anti-Steal

Mobs no longer steal netherite armor or elytra, endermen no longer steal blocks

Barricaded Vex

Vex can no longer fly through solid blocks

Amazing Axolotls

Added green axolotl; breeding chance of 1/100. Axolotls now survive on land

Safer Villagers and Traders

Drowned, zombie villagers, vindicator, husk, evoker, won't attack any traders

Dragon Drops Elytra and Egg

Each time it's slain, the Ender Dragon drops an elytra and a dragon egg

Better Horses/Donkeys

Breeding improves stats more, carries 2 riders at once (horse/mule only)

Drowning Skeletons

Sunken skeletons will drown in water, rather than accumulating

Hungrier + Spawnable Wolves

Wolves now eat all meats, and bread. Pale wolves also spawn in birch forests

Better Mules

Breeding improves stats more, carries 2 riders, can wear both chest and armor

Jungle Villager Default

Jungle villagers are now the default skin, rather than plains

Kindhearted Piglins

Piglins don't attack players in netherite, opening shulkers, or ender chests

Better Skeleton Horses

Skeleton horses are now slightly better than mules, including underwater

Temptable Allays and Traders

Allays are bred and tempted by cookies, Wandering Traders are tempted by emeralds and emerald blocks

Better Carrot on a Stick

Carrot on a stick now takes slightly less damage when fed to a pig

Better Camels

Up to 3 camels caravan like llamas, and have more health

Rideable Mob Breeding

All rideable mobs can also be fed carrots or apples to breed

Walking Baby Zombies

Baby zombies are no longer faster than adult zombies

4. Entity Tweaks - Behaviors

Gradual Sheep Eating

When sheep eat tall grass, it will now turn into short grass, rather than air

Faster Happy Ghasts

Happy ghasts move as fast as the slowest horse (roughly double in speed)

Expanded Gear Anti-Steal

Piglins and zombie piglins only steal gold, wither/skeletons only steal iron/ chainmail, drowned only steal copper

Gentle Ravagers

Ravagers will no longer break (grief) blocks

Safer Turtle Eggs

Mobs no longer stomp on turtle eggs, except zombie piglins (used for farms)

Double Allay Power

Allays have 2 usable inventory slots, rather than 1

4. Entity Tweaks - Loot

More Mob Drops + Hide

Most mobs drop more overall. Bats, pigs, dolphins, bears, rabbits, and wolves now drop animal hide

Silverfish Drop Iron Nuggets

New drop, silverfish drop iron nuggets on death for a super powerful iron farm

More Widespread Looting

The looting enchantment now impacts shulkers, silverfish, and squid drops

Zombified Piglins Drop Pork

New drop, zombified piglins drop cooked porkchops on death

Mob Armor Drops

Mobs now only spawn with and drop chainmail, copper, and gold armor

Mooshrooms Drop Mushrooms

New drop, mooshrooms drop mushrooms on death

Raids Drop No Emeralds

Raid mobs no longer drop emeralds, since that hurt our trader economy

Turtles Drop Scutes/Helmets

New drops, sea turtles drop scutes and turtle helmets on death

Mob Head Drops

Skeletons, Creepers, and Zombies now drop their heads on player kill

Endermites Drop Shulkers

New drop, an endermite will drop 1 shulker shell on death. Pesky bugs!

Husks Drop Sand

New drop, husks drop sand on death

Wandering Trader

Wandering trader picks a random selection of items to buy and sell each time it spawns.

The Oakridge Wandering Trader has an expanded selection of items, with more affordable trading rates than Vanilla.

General Note:

Villager Curing has been nerfed to better maintain our custom economy.

The discount behavior will be different from Vanilla and may not reduce fully.

Advancements Pack

Adds 131 advancements!

Some are still missing, others have been minorly tweaked. Double check the Book of Advancements if you plan to target any in particular.

Changes:

Oakridge foods were added to *A Balanced Diet*.

Added 7 custom Oakridge advancements, including **A Whim Away**: to be granted by Another Player using the `/whim` command at their whim. We suggest entertaining them.

Please report any bugs to AvgZing or in [Ask_The_Team](#).

Credit to Alylica's Advancements Pack for serving as the base for this pack; minor changes and additions have been made for Oakridge addon compatibility.

New Recipe: Book of Advancements:

Used to track your progress!

Animations Pack

These mobs have custom animations:

Cat
Chicken
Cow
Donkey
Fox
Horse
Mule
Pig
Sheep
Wolf

Examples:

Credit is to Oreville Studios for the original animations; they have been reworked and the addon has been highly curated for a more vanilla feel.
